About the College

Vivekananda College of Education was started in memory of the spiritual founder of our college Late Mr. Niranjan Lal Saraswat in 2003. College is running smoothly since then. Our college offers M.Ed., B.Ed., and D. El. Ed courses.

Vision of the College

In the vibrant halls of our teacher education college, we do not just build teachers; we sculpt architects of young minds. We envision a future where classrooms pulse with innovation, where learning is a kaleidoscope of experiences and where educators are lifelong learners, adept navigators of a dynamic educational landscape. Our vision transcends standardized tests and rote memorization. Instead, we aim to ignite critical thinking, nurture creativity, and foster empathy within our students. We see them becoming not just dispensers of knowledge, but mentors, facilitators, and catalysts for intellectual and social growth. We envision classrooms humming with diverse voices, where technology empowers but never replaces the irreplaceable human touch. We believe in collaboration, not competition, where teachers and students journey together, discovering the endless possibilities within each other. Ultimately, our vision is to send forth educators who are not just qualified, but inspired, who carry the torch of knowledge with passion and compassion, shaping the next generation into citizens equipped for a world yet to be imagined.

Mission of the College

The mission of our teacher education college lies in nurturing the architects of tomorrow. It strives to cultivate competent educators and inspiring mentors who ignite the minds and shape the characters of young learners. Its curriculum delves deep into the theory and practice of education, equipping future teachers with the knowledge and skills to navigate diverse classrooms, develop engaging lessons, and foster a love for learning in every child. Beyond intellectual prowess, the college installs a sense of moral responsibility, social awareness, and a commitment to inclusivity, ensuring that tomorrow's teachers guide their students in academics and become well-rounded, compassionate citizens. Our college's mission is to empower the next generation of educators, preparing them to unlock the potential within each child and build a brighter future for all.
